

Big League Fun

Have fun at a ball game – any day of the year! Big League Fun is an engaging educational exhibit experience for children and families. Emphasizing the science and math behind the game, the exhibit addresses key academic standards for school-age children, and entertains baseball fans of all ages.

Target audience: Educational activities are designed for children ages 3 and up

Size: 2,000-2,500 sq. ft.

Includes:

- Activities, games and graphics that showcase the sport's educational value and fundamentals
- Role play, trivia and creative uses of technology that highlight the iconic sights and sounds of the game
- Bilingual signage (English/Spanish) that helps adults understand how children learn through play
- A detailed installation manual and troubleshooting guide, plus on-going technical support

Explore the Exciting World of Major League Baseball

- **Announcer's Booth:** Give a play-by play based on real game clips. Capture your commentary, add sound effects and play it back to hear your broadcast.
- **Fan Club:** Root for the home team! Customize your own baseball card with your favorite team logo. Dress up as the team player and snap a picture!

There's Nothing Like the Baseball Park Experience

- **Keeping Score:** Answer trivia questions, calculate batting averages and solve physics-themed challenges.
- **Live Game Coverage:** Interview players, coaches and fans using a real camera and green-screen technology.
- **Get Your Popcorn Here:** Recreate the ballpark experience with props, costumes and fun math and literacy activities at the ticket sales and concessions.

Test Your Skills

- **Pitcher's Mound:** Review tips for proper pitching, take the mound and pitch into the strike zone or be the umpire and make the call!
- **Batter Up!:** Master a great swing in the on-deck circle. Step up to the plate where a digital screen records the swing count, displays the ball's trajectory, and reports the outcome based on the hit.
- **Coaching:** A virtual first-base coach will communicate scenarios, strategies and projected outcomes as you lead off or run to second.
- **Let's Call It:** Simulated plays will prompt you to throw from the infield or outfield - afterward, you'll find out if it was a catch, an out, safe at the plate or an error.
- **Keep Your Eye on the Ball:** Grab a glove! A motorized activity creates fly balls for catching practice. Tips for body and glove positioning will help get the ball in the pocket.
